PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Baku Army Supply Depot Kishly is located in the north central part of Baku (Figure 1).

The installation is fenced, covers approximately 25 acres, and contains 9 storage buildings, 13 support buildings, and 2 guard towers (Figures 2 and 3).

The area was covered on [REDACTED] KEYHOLE missions between [REDACTED]. Comparative analysis reveals continuous activity and little change in facilities. Poor quality photography precludes a more detailed analysis.

DESCRIPTION OF INSTALLATION

Railroad Service

A rail spur from the main rail line between Baku Railroad Station Yards and Shops and the Baku Railroad Classification Yards and Shops, Baladzhary, enters the installation.

Road Service

Urban streets serve the area.

General Storage Area

Area E contains 9 storage buildings (2 large), 13 support buildings, 2 guard towers, and a separate open storage area enclosed by a probable fence.
